

Buy an MXR Scope. Get a Free InfiniiVision Scope.

Purchase any eight-channel Infiniium MXR-series oscilloscope and get a free InfiniiVision 4000 X-series 350 MHz, four-channel (DSOX4034A) oscilloscope.

That's right, two amazing oscilloscopes for the price of one — (a US\$12,700 scope for free). The free DSOX4034A captures infrequent events and anomalies with an update rate of 1 million waveforms per second.

Keysight's Infiniium MXR-Series oscilloscopes offer up to 6 GHz unrestricted full bandwidth on up to eight channels with sample rates as high as 16 GSa/s per channel. The MXR-Series has up to eight instruments in one: analog scope and digital (MSO) channels, digital voltmeter (DVM), arbitrary waveform generator (AWG), real-time spectrum analyzer, Bode plotter, counter, and protocol analyzer.

InfiniiVision 4000 X-Series Oscilloscopes

Get more out of your upgradable Keysight InfiniiVision 4000 X-Series oscilloscope with seven-in-one instrument integration: oscilloscope, frequency response analyzer (Bode plots), logic analyzer / MSO, protocol analyzer, dual WaveGen AWG, voltmeter, and frequency counter.

The DSOX4034A oscilloscope supports 350 MHz analysis on all four channels. It comes with a DVM and counter and is fully upgradable in bandwidth (up to 1.5 GHz), memory (up to 4 Mpts/ch), removable solid-state drive (up to 1 TB), and more.

Numerous software packages for all Infiniium and InfiniiVision scopes make design, quality checks, and troubleshooting easy and consistent. Save time and money with software-assisted industry compliance and protocol testing.

There has never been a better time to purchase an MXR-Series scope, so take advantage of this offer now

**Start date:**

September 1, 2021

End date:

February 28, 2022

Promotion code:

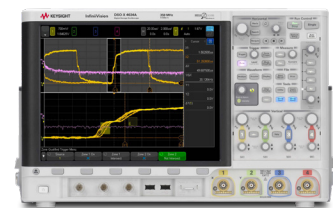

6.050

Availability:

Worldwide (Americas: US, Canada, Mexico, Brazil)

Infiniium MXR-Series

InfiniiVision 4000 X-Series

Promotion Conditions

- You must buy a new 8-channel Keysight MXR-Series Infiniium oscilloscope.
- If the qualifying equipment in the original order is returned for any reason, the free DSOX4034A oscilloscope must also be returned.
- Any options for the free InfiniiVision 4000 X-Series oscilloscope (DSOX4034A) are not included and must be purchased separately.
- Lease orders and remarketed equipment are not eligible for this promotion.
- Keysight Technologies reserves the right to modify or discontinue this offer during the promotion period.
- You may combine this offer with a qualifying **trade-in offer**.

Take Advantage of This Offer

Contact your Keysight representative or authorized partner for more information ([keysight.com/find/contactus](https://www.keysight.com/find/contactus)) or to place an order online.
